

CWRU Linux Club

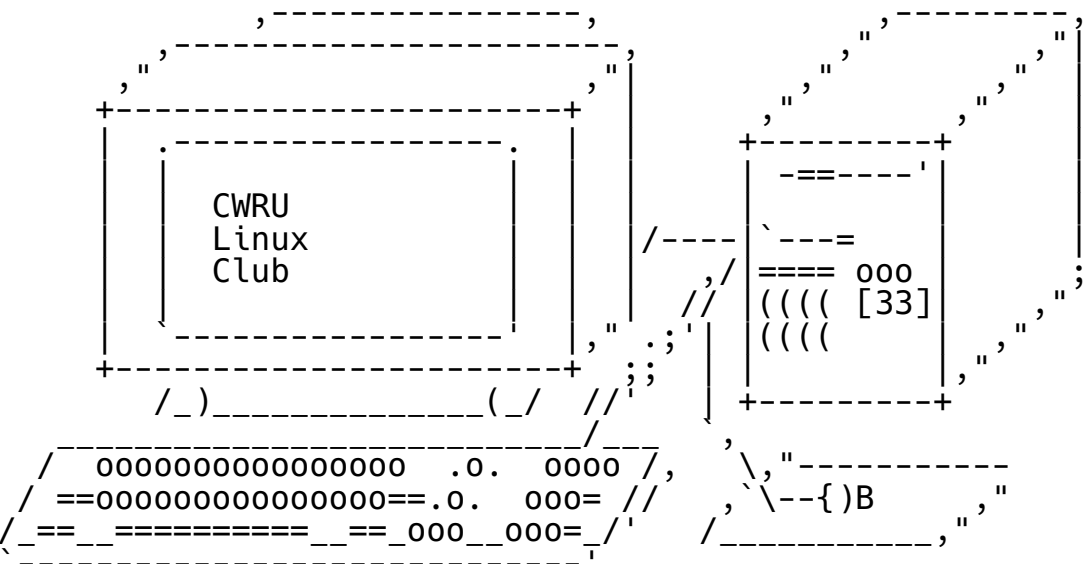

[CWRUnix]

What is CWRUnix?

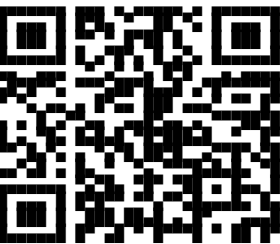

The mission of CWRUnix is to foster a community of Linux enthusiasts, provide resources and support for individuals interested in open-source technologies, and promote the use and understanding of Linux and other open-source software within the university community.

What is Linux?

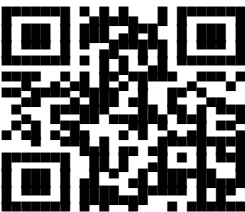

Tl;dr, it is another operating system, much like Windows or MacOS! Come to one of our meetings to learn more :>
Our next meeting is tbd - scan the QR codes below.
